

Comprehensive online education for adults on social media literacy and Internet safety

We aim to provide adult educators with a set of innovative digital resources to upskill adult parents on both social media literacy and Internet safety, to boost reflective handling, participation in society and empowerment, and understand the benefits, but also the risks and dangers, for them, their children and the younger generations

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.
